

## **Jane Iredale & Environ Event**

**24<sup>th</sup> of January**

**12 – 7pm**

Nina from the iiaa

will be in the salon performing

Free skin analysis scans

&

Free Jane Iredale Makeovers

The Environ scans have been very popular here at Mulberry!

The envisia machine will scan your skin and together you and Nina will take look and see what is going on in the deeper layers of your skin!

Nina will then give you suggestions on products, treatments and advice on how to keep your skin healthy!

If you want to take on board what advice Nina has to offer you, you can come back and have scans regularly to track how your skin is improving!

This is perfect for people just wanting to look after their skin health or struggling with sun damage, pigmentation, anti-ageing, acne and eczema!

Our last Jane Iredale Makeover event was extremely popular!

Luckily, we had two makeup artists for that event and they didn't stop!

The makeovers are very relaxed!

You can chat to Nina about anything from what colours suit you to how to apply make up for day or night, or just any questions you have about make up!

(Please call the salon on 01283 704694 to book either one or even both types of appointments.)
